Complete Fall 2010

I will make the best of what I have.

No dream is too big.

I will take the risks I was too scared to take before.

I am a smart, strong woman. I can affect the world.

Reflect on the good in the world.

I saw people in a whole new light. Think and act on the well being of others, not just ourselves.

WE HAVE THE POWER AND INFLUENCE TO MAKE A DIFFERENCE IN THE WORLD.
